

WARING®

2026 INTERNATIONAL CATALOG

WARING® EMPOWERED

Waring launched the Waring Empowered initiative with the purpose of fighting the global food waste crisis. We will establish ourselves as the equipment supplier at the forefront of the fight to reduce wasted food, and empower Waring customers to become Waring® brand advocates. As acclaimed zero-waste chef Douglas McMaster of Silo London has said, "Waste is a failure of the imagination," and culinary creativity is our primary kitchen tool in the reduction of food waste.

WARING 85+

OUR MISSION

Waring, a global leader in foodservice equipment, is dedicated to providing innovative, reliable, and value-driven solutions that inspire creativity, increase productivity, and maximize profitability for the culinary community.

OUR STORY

Waring introduced the first blender over 85+ years ago in the USA. We honor our heritage as an innovator and specialist, continuing the expansion as a leading provider of BLEND – PREP – COOK – BREW solutions for the global foodservice industry. In 1977, our manufacturing roots were planted in McConnellsburg, PA, where we still build our iconic blenders today. Now, more than ever, Waring distinguishes itself as a brand of impact that empowers our customers to adapt, enhance, and endure to overcome the challenges of today's rapidly changing commercial foodservice climate. Our commitment is to contribute to the global reduction of food waste through education, innovative products, and unique solutions in the pursuit of a sustainable future.

NEW European Distribution Facility
WARING®

NEW LOCATION – in Iwuy, north of France.
This is a strategic location to supply Europe.

BENEFITS TO CUSTOMERS & FUTURE CUSTOMERS

- Improved Delivery Speed
- More Competitive Pricing & Shipping Rates
- Accessibility to Sell the Full Line of WARING Products
- Speed of Service & Replacement Items

 BLEND

HEAVY-DUTY BLENDER
CB15VE/K

DR. JOHNNY DRAIN

We call this the tank! Big, robust, and powerful. The build quality is so satisfying: The stand is heavy so the jug doesn't rattle when you crank up the blending speed, and because the jug is metal, it will never crack and stays clean, unlike plastic ones.

BLEND

IMAGINE. INVENT. INSPIRE.®

ISO 9001 CERTIFIED*

Waring has demonstrated its commitment to world-class quality management by implementing ISO 9001 standards and becoming ISO 9001 certified in our McConnellsburg, PA, manufacturing facility. We have joined an elite number of organizations worldwide that have achieved certification in this globally recognized quality standard.

PROUDLY MADE IN THE USA*

Waring has been developing its blenders in the USA for over 85 years. A dedicated team of expert engineers continues to develop products, manufacture parts, and assemble our extensive line of blenders.

WARING ELLIPSE™ BLENDING SYSTEM

MXE2000E/K

THE FUTURE OF BLENDING HAS ARRIVED, AND IT'S ABOUT TIME!

Experience the power of top-down blending that propels you beyond the limits of physics. The brand-new Waring Ellipse™ has been designed to change the way you think of blending, with shorter cycles, greater output, and more consistent results.

DEMO VIDEO

For Waring® Ellipse®

10-SECOND SMOOTHIES. 15-SECOND BOWLS.

Engineered to power through thick, frozen fruit mixtures, including açaí and other fruit bowls.

THE SYSTEM MXEFJA

THE DRIVE MXEDR
Ellipse™ Drive system is powered by a rechargeable lithium-ion battery pack and infrared technology.

THE LID CAC193
The BPA-free lid with locking pin system has a dual removable seal system for easy cleaning.

THE DASHER CAC192
The durable snap-in Dasher is driven 360° by the Ellipse™ Drive, grazing container walls, forcing ingredients into the blending blades, eliminating air pockets, and ensuring proper blends—every time!

THE JAR CAC188
The 1 L capacity, BPA-free copolyester container has a heavy-duty stainless steel blending assembly for powering through anything in its path.

BLEND

DOCKING STATION MXEDS1

A cradle stores the Ellipse™ Drive between blends for easy access. The Docking Station can be placed in any direction under the base for space-saving convenience.

CHARGING STATION INCLUDED!

MXECHG1E/K
Charge your Waring Ellipse™ Drive in under 2 hours with a rapid charging system. Plug in the Drive at the end of the day so you're powered up and ready to roll tomorrow!

The Waring Ellipse™ utilizes the strongest and **most powerful blender base** in the Waring line, the **MX1500!**

- Powerful 3,5 peak input HP, 30K RPM motor
- Electronic-membrane keypad with blue backlit LCD screen
- Adjustable speed controls and four programmable beverage stations
- Dual PULSE feature with reprogrammable speed control

220–240 V, 50/60 Hz, 1500 W

LUNA STAND MIXER
WSM7LE/K

KARINA RIVERA

Not only is it beautiful, but the size is great to make big batches of my favorite desserts. I can whip, knead or cream anything I want to. The power this machine has is amazing. I can be kneading dough for several minutes and it will not warm up. It's also very quiet and easy to use. I love my Luna mixer!

LIQUILOCK® SEAL SYSTEM

More Products. Less Time. No Mess.

Waring's patented LiquiLock® Seal System allows for more production in less time. Get the most out of your bowl capacity with bottom- to top-of-the-bowl liquid processing with no leaking. The patented S-blade locks into place, sealing the bottom of the bowl, making it safer, cleaner, and easier to pour mixtures without the blade falling out into the processed food bowl. The removable seal in the snap-lock lid prevents any liquid from escaping the top of the bowl. Fill it to the rim without overflowing. Waring's LiquiLock® Seal System offers a unique benefit to foodservice operations and is a feature no other brand can deliver.

WJX80XCHT

CONTINUOUS-FEED JUICING ACCESSORY

To better serve high-volume juicing establishments, we have designed a continuous-feed chute attachment (WJX80XCHT) so that operators do not have to empty the pulp bin as frequently! This keeps their juice flowing and their pulp ejecting into a larger container, to be discarded or used for alternate purposes (such as carrot pulp muffins) to reduce waste.

8 CM FEED CHUTE
Large opening can fit whole apples and can hold large capacity of fruits and vegetables.

WJX80XDIS DISPLAY
Comes with nonworking unit.

† E suffix indicates F-plug / K suffix indicates G-plug

MEDIUM-DUTY JUICE EXTRACTOR

6001X/K†

 COOK

**XPRESS™
MULTIPURPOSE
COOKTOP
WSC300CE/K**

MIKE BAGALE

This new machine is designed to function as a multipurpose cooktop, and I see so many practical and unexpected applications for it. For example, it works very well to make Japanese soufflé pancakes, in addition to a skinny pressed Spanish sandwich known as a bikini. I also really like using it to cook mini sourdough starter pizzas — they cook in just a few minutes.

3,8 L SYRUP DISPENSER

WSD1G

DISPENSERS ARE SUBJECT TO AVAILABILITY

- 304 stainless steel housing and cover
- Fits a standard 3,8 L syrup container
- Dispenses approximately 30 ml per press
- Large ergonomic pump requires less than 2,3 kg of pressure to pump
- Pump screws directly into syrup container
- Stainless steel drip saucer is removable for easy cleaning
- Container removes from the base
- Base features nonskid feet for safe and stable operation
- All parts are dishwasher safe
- Built for use with maple and breakfast syrups

Limited 90-Day Warranty

7,6 L BATTER DISPENSER

WBD2G

DISPENSERS ARE SUBJECT TO AVAILABILITY

- Industry-approved Tomlinson® spigot*
- 304 stainless steel housing and cover
- Fits up to 7,6 L of batter
- Spigot is removable for easy cleaning
- Stainless steel drip saucer is removable for easy cleaning
- Container removes from the base
- Base features nonskid feet for safe and stable operation
- All parts are dishwasher safe
- Designed for waffle, pancake, and crêpe batters

Limited 90-Day Warranty

GELATO PANINI PRESS

WICSP180E/K†

- Bake times from 5–15 seconds for the perfect gelato panini
 - Triple-coated nonstick plates allow for easy panini removal and quick cleanup
 - Embedded heating element to perfectly seal your gelato panini
 - Heavy-duty die-cast housing
 - Electronic control panel for easy cleanup
 - Audible beep signals when unit is ready and when bun is warmed
 - Power ON and Ready-to-Bake LED indicators
- 220–240 V, 50/60 Hz, 1200 W, 5.2 A
Limited One-Year Warranty

CE RoHS

10 cm diameter opening

Delicious gelato-filled buns toasted to perfection in 5–15 seconds!

1 Cut bun in half and add gelato and any toppings.

2 Place gelato panini into press and cook.

3 Cut and serve.

WARING XPRESS™ 34 CM MULTIPURPOSE COOKTOP

WSC300CE/K†

INNOVATION

THE ART OF MAKING CRÊPES JUST GOT EASY!

- 1 Set time & temp
- 2 Pour
- 3 Press...for perfect results, every time!

THE WARING XPRESS™ IS NOT JUST FOR CRÊPES!

Designed to cook both sides simultaneously with no need to flip, the Waring XPress™ minimizes cook time and maximizes output for busy cafés, ice cream shops, food trucks, concession stands, caterers, and more. Originally designed to expertly make crêpes, this dual-surface cooktop can also be used to warm/cook tortillas, make quesadillas, and more!

- 34 cm multipurpose cooktop
- Cook sweet or savory crêpes and warm tortillas
- 34,3 cm aluminum cooking surface with embedded heating element for fast heat-up and recovery time
- Dual cooking surfaces cook both sides at once, eliminating the need to flip foods
- Cooking surfaces are triple coated with Whitford QuanTanium®* for easy removal of foods
- Electronic touchpad with precise temperature controls from 50°C to 235°C
- View temperature in Fahrenheit or Celsius
- Programmable countdown digital timer with audible beep indicators
- Includes silicone spatula to fold crêpes and remove food without scratching nonstick surface

220–240 V, 50/60 Hz, 2715 W

Limited Two-Year Warranty

FERMENTATION CHAMBER

WPP600E/K†

Unleashing the future of food with innovative technology, Waring® and Planit Protein® jointly introduce a groundbreaking shift in the culinary landscape with our state-of-the-art fermentation chamber. Designed for forward-thinking chefs and foodservice operators, our system unlocks the untapped potential of plant-based proteins and fermentation, offering a unique combination of flavor, nutrition, and sustainability.

The PlanitPOD® is the ultimate solution for effortlessly crafting tempeh, koji, and other blends like never before. Designed for both novice and seasoned fermenters, this first-of-its-kind fermentation chamber streamlines the process, ensuring optimal conditions for perfect results every time. Whether you're a culinary enthusiast or a professional chef, unlock a world of flavor possibilities with ease. Revolutionize your fermentation journey today with the PlanitPOD® Fermentation Chamber – where simplicity meets excellence.

- The Waring® PlanitPOD® is a revolutionary fermentation chamber designed for consistency, safety, and ease of use when growing plant proteins, tempeh, and koji
- 5 preprogrammed and validated recipes for tempeh, koji, and Planit Protein® blends
- Time-efficient cooking:
 - Tempeh & Planit Protein® blends ready in just 25 hours
 - Koji ready in 51 hours
- Low-temperature pasteurization cycle included at the end of each growing cycle
- High-temperature sanitization cycle to prepare the chamber for the next cooking cycle
- Export HACCP data logs via USB dataport
- Internal airflow design gives PlanitPOD® a stable environment for perfect growth
- Digital control panel with LEDs that cycle through each program function
- Beep to alert the end of each cycle
- Heavy-duty construction
- Durable stainless steel A-frame is removable for easy cleaning
- Removable door for easy cleaning
- Removable condensation tray is dishwasher safe for easy cleaning
- Silicone ventilation ports are removable and dishwasher safe for easy cleaning
- Includes dishwasher-safe stainless steel fermentation tray

Introducing the Waring® Hot Water Dispensers

Expanding the BREW category is the essential 38-Liter Hot Water Dispenser, an upgraded staple in the industry. The large capacity ensures you have hot water just when you need it. Operates with automatic water refill or pour-over capability. Set the energy-saving night-mode feature to automatically start heating during nonbusiness hours, so water is hot when you need it.

11,35 L / 18,9 L / 38 L HOT WATER DISPENSERS

WWB3GE/K, WWB5GE/K, WWB10GE/K†

- Digital controls and LCD display for ease of operation
- Precise temperature control and accuracy
- Adjustable temperature range from 65°C to 95°C
- Automatic water refill or pour-over capability
- Stainless steel construction
- Tomlinson® No-Drip® tap operation*
- Set night-mode feature to automatically start heating overnight, so water is hot when you need it
- Uses: tea, coffee, soups, grits, oatmeal, etc.

Limited One-Year Warranty

CE RoHS

WWB3GE/K, WWB5GE/K:

- Guardrails for warming surface
 - Removable drip tray for easy and convenient cleaning
 - Small footprint saves on counter space
- 230 V, 50/60 Hz, 2290-2335 W

WWB5GE/K:

- Additional fold-down shelf for small cup. Enough clearance between drip tray and spigot to accommodate 3-liter airpots.

WWB10GE/K:

- Heat 38 liters in 3 hours
 - Knuckle guard for safe operation during dispensing
- 220–240 V, 50/60 Hz, 2935-3005 W

*Tomlinson®, No-Drip®, and the faucet and handle configurations are registered trademarks of The Meyer Company, Cleveland, Ohio.

The 23 cm clearance between the drip tray and the spigot accommodates extra-tall mugs and carafes.

WWB5GE/K

The elevated cup shelf folds up to provide an extra-high dispensing area to accommodate the largest carafes, up to 38 cm.

WWB10GE/K
