Back to better basics.

Refined products for even greater reliability and value.

2025 PRODUCT PORTFOLIO

S E R V E R®

• E S S E N T I A L S •

A legacy of indispensable foodservice products.

From one generation to the next, we design and build smart, reliable products that serve you and your customers better. Server Essentials takes our legacy products into an exciting future focused on speed, consistency and simplicity. And while our product portfolio has undergone a purposeful refresh, our commitment to you continues to be at the forefront of our daily operations. Discover how the next generation of foodservice equipment can help your business grow like never before.

Our core commitments.

Exceed **speed of service** expectations for every order, every time.

Deliver **efficiency** by reducing training and optimizing the experience.

Ensure **consistency** and the same exceptional food and beverage experience every time.

Intuitive **simplicity** for back-of-house simplicity.

Available online, anytime.

Now you can purchase Server dispensing, holding and warming solutions and replacement parts from your favorite e-commerce supplier. Simply click to visit the online storefront and see what's available today.

**HOW
TO
BUY**

Getting fresher with age.

From the very beginning, we've tried to think differently when it comes to helping you serve better and we're still thinking that way today to ensure staff and patrons have a safe and sanitary solution for delivering the flavors they love. It's just another way we are helping you bring out flavor in its freshest form.

2
YEAR
WARRANTY

Server Pumps &
Dispensers are backed by
a two-year warranty.

Specialty Dispensers

Making sustainable dispensing indispensable.

Earth's resources aren't endless. That's why Server works hard to find new ways to reduce waste, control portions and make the most of each resource we're given. Our pumps aren't disposable — instead, we designed them to be durable, reliable and easy to clean, so you can keep pumping out more delicious flavor without wasting a single drop.

Make the right choice.

Choosing the proper pump prevents operational issues such as overserving, dripping product and overworking (unnecessary force needed to serve). Whether dispensing from original food containers or large, eco-friendly pouches, no one else crafts foodservice pumps quite like we do. Plus, we make it easy to find the perfect pump for your operation.

Check out our [Pump Selection Guide on page 8](#) or find additional tips on selecting the proper equipment by learning more with our exclusive [online resources](#).

1 1/8 OZ

7/8 OZ

1/2 OZ

1/4 OZ

Fraction Control

Server pumps dispense precise portions every time, providing you ultimate cost control. By reducing your portion size by just an eighth of an ounce, which will have no perceivable impact on patron experience, Portion Optimization™ savings can really add up. In this example, a single stainless steel pump that lists for \$215 pays for itself in just under six months. Now multiply the annual savings times the number of ingredients you serve every day and you'll start to see a significant impact on your bottom line! Start saving today by connecting with your local Server representative at server-products.com/How-to-Buy.

Portion Optimization™ Savings

Reduction Size 7/8 oz (.125 oz)	1 oz	7/8 oz
Cost Per Serving	\$0.10	\$0.0875
Servings Per Day	x 100	x 100
Operating Days Per Year	360	360
Annual Flavor Cost	\$3,600	\$3,150

Annual Savings \$450

“I can’t recall a single complaint.”

Tom Marranca has been an equipment and supply manager for Dairy Queen® for 38 years. In his time supplying Server Pumps and Warmers to locations throughout Canada, he says he receives so few issues with the products, he doesn't remember any complaints. Not only are our pumps built to last — we build long-term relationships to ensure customer satisfaction.

“Thank you for your continued attention to service and quality.”

Pump Selection Guide

KEY BENEFIT

Provides many years of serving high volumes of syrups, condiments or sauces in all temperature applications; with $\frac{1}{8}$ -oz adjustable increments

Eco Pumps™ are made of both stainless steel and plastic to cut costs, not quality, for serving of concentrates, ketchup and sauces from food containers

Delivers a high volume of condiments and dressings in fast-paced, institutional and quick-serve environments; now includes non-pouched models

APPLICATION

AMBIENT

COLD

HOT

WHAT ARE YOU DISPENSING?

THIN

fountain syrups • oils • hot sauce

THICK

ketchup • mustard • mayonnaise • bbq

THICKER

tartar sauce • crafted sauces

The food's consistency influences which style pump is most applicable (what size and shape discharge tube will work for your application). The icons will help guide you to the proper pump, so you don't end up with dripping or overworking (unnecessary force needed to serve).

Express and Solution™ pumps include (3) discharge fittings with varying size openings to accommodate different product consistencies. [This blog post can help you determine the best discharge fitting size for the food you're serving.](#)

CONTAINERS

Models to fit food containers, hot and cold table pans, vegetable insets, fountain, slim and mini jars ($\frac{1}{8}$ -size)

Models serve from original food containers with 28- or 38-mm threads or mini jars ($\frac{1}{8}$ -size)

Pouch models work with 1 1/2-gal or 96-oz pouches with 16-mm fitment; Direct-Pour Models include 1.3-gal jar (See [p.17](#))

PORTION

Max 2 oz (select models), or 1 1/4-oz; reduce in $\frac{1}{8}$ -oz increments; allowing Portion Optimization™

Max 1 oz; reduce in $\frac{1}{8}$ -oz increments. BP-1/2 and BP-1/4 have fixed portions

Max 1 oz; reduce in $\frac{1}{4}$ -oz increments

FLAVOR ID

Choose from (9) pump knob colors with custom text options at time of order

Original food packaging or sourced independently

Downloadable templates for custom graphics; magnet friendly

**Looking for a recommendation?
Try the [Interactive Pump Finder](#) on our website!**

*Pumps shown represent general "family" traits to help narrow selection to a specific model

Stainless Perfection

Portion Optimization™ uses additional gauging collars to deliver consistent portion control in $\frac{1}{8}$ -oz increments up to 2 oz.

Interchangeable engraved and colored knobs help staff and patrons identify contents, coordinate with store themes or promote branded products. Specify color* and text at time of order. See [p 76 and 77](#) for part numbers.

*Exact shade may vary from picture

Setting the standard for durability, stainless steel provides years of service; replacement parts ensure you never have to buy a complete pump again.

Stainless Steel Pumps

NSF listed and clean-in-place certified, these pumps reduce environmental impact as they never need to be discarded.

Food Container Pumps

Stainless Steel Pumps

- Dispense dressings and sauces directly from widemouthed gallon jars, #10 or #5 cans
- Manage food costs with consistent servings; 1 oz per stroke, adjustable in $\frac{1}{8}$ -oz increments
- NSF listed, clean-in-place certified or disassemble for cleaning

dispenses	model/item	application	pump & lid fit	full portion	height (above cont.)	weight
a	SP 82000			1 oz	5 $\frac{5}{8}$ "	3 lb
b	CP-10 83000		#10 can or 3-qt jar (94009)	1 oz		
c	CP-G 83130 CP-G 83120 CP-G 83110		gallon jar, 3 $\frac{1}{2}$ " (89 mm) threads gallon jar, 4 $\frac{3}{8}$ " (110 mm) threads (fits jar 83122; not included) gallon jar, 4 $\frac{3}{4}$ " (120 mm) threads	1 oz	4 $\frac{1}{2}$ "	3 lb
d	SS-1 67580		base hides gallon jar, #10 can or 3-qt jar (94009 sold separately)	1 oz	14 $\frac{1}{2}$ " H x 6 $\frac{7}{8}$ " W x 11 $\frac{7}{16}$ " D	7 lb

[Server-Products.com](#)**

Eco Pumps™

- The choice of chains for a smart alternative to disposable pumps
- Perfect for smooth ingredients like drink syrups, concentrates, ketchup and hot sauce with containers as short as 7" (17.8 cm)
- BP-1 Thick model with 1/2" discharge tube reduces dispensing force needed for thick, crafted ingredients
- Manage food costs and customer experience with precise portions; 1-oz models adjust in 1/8-oz increments
- NSF listed and clean-in-place certified for proper cleaning without disassembly

Food Container Pumps

Pouch-Connect, Fountain Jar Pumps

- Serve toppings from popular 48-oz pouches with a 16-mm centered fitment in your heated cabinet, station or well for fountain jars
- Ideal for toppings that become thin when heated, like fudge and caramel or private-label sauce
- Models for standard countertop and slanted countertop or drop-in use; drop-in (DI) model has a higher discharge point for additional serving clearance
- Portions adjust in $\frac{1}{8}$ -oz increments with 1-oz max per stroke
- Saves labor and reduces cleaning time – toppings are contained within the pouch and pump
- Specify color and text for pump knob when ordering; black is standard (see [p.9](#) for details)

b	FPEC-200 82800		serve from (1) 48-oz pouch in a shallow fountain jar; angled discharge, countertop use				2 7/8"	2.1 lb

Pouched and
pumped for speed.

Flexible packaging is ideal in fast-paced, institutional and quick-serve restaurants. The 48-oz bag fitment connects directly to the dispenser for an operator-friendly system that streamlines workflow so you can serve better, faster.

Express Dispensers | 1½-Gallon Pouch

- Perfect for high-traffic, self-serve applications – serves from popular 1½-gallon condiment and dressing pouches with a 16-mm fitment
- Sealed, sanitary system achieves up to 98% evacuation; dispenses 1-oz max portion, reduce in ¼-oz increments
- Cleanup is easy; condiments are contained within the pouch and surgical-quality plastic, six-piece pump
- Brushed finish stainless steel and black thermoset plastic vessels reduce the visibility of fingerprints

*Support bracket (100001) prevents tipping when used in SR-2, SR-3 or SR-4 bases.

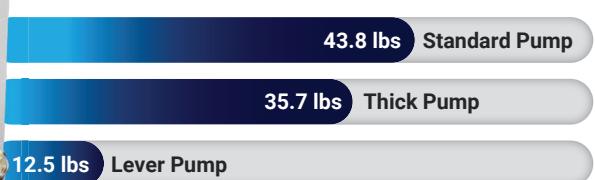

Using 48-oz pouches? See [p 12](#) to dispense from your fountain jar.

Leverage your toppings.

Take the pain out of serving thick caramel, fudge and marshmallow creme.

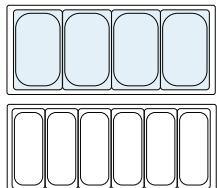

POUNDS of PRESSURE to DISPENSE FUDGE

See component guide featured on [p 39](#)

Slim Jar Stainless Steel Pumps

- Slim fountain jars allow you to easily add toppings to your station; (6) slim jars fit in the same space as (4) standard fountain jars
- Slim jar, portion-control pumps take the guesswork out of serving in countertop, drop-in or slanted fountainette applications; portions adjust in $\frac{1}{8}$ -oz increments
- Drop-in (DI) models have a higher discharge point for additional serving clearance
- Thick Pump (TP) models reduce dispensing force needed when working with especially thick or thicker products
- Pump knob can be colored and engraved (see [p.9](#) for details)
- NSF listed, clean-in-place certified or disassemble for cleaning

Integrate into existing stations with (3) slim jars for every (2) standard fountain jars. See component guide featured on [p.39](#)

Specialty Dispensers

Chilled Dispensers

- Dispense cold foods from an insulated vessel with ice packs or HoldCold™ jars
- Precise portions control food costs and ensure flavor consistency; 1-oz max portion adjusts in $\frac{1}{8}$ -oz increments
- MMS model is popular for tartar or mayo; CSM pump is designed to prevent splashing for non-dairy creamer
- Coordinate pump knob with store theme or contents within; specify color and text when ordering (see p 9 for details)

Station Creation Guide

38

Speed, ease and efficiency – all in one simple station.

From front to back of house, we work to streamline service and simplify day-to-day operations. Our serving stations are designed to keep condiments, syrups, toppings and more in a compact, convenient space. Organize, prioritize and customize all kinds of flavors without wasting time, effort or money.

MAX EFFICIENCY

Configure your stations how you want for ultimate speed and service.

COMPLETELY CUSTOMIZABLE

Add a pump or two. How about a few jars? Whatever you want. It's yours to customize.

LAST-SO EASY

Swapping out new and exciting flavors for limited-time offers has never been so simple.

Fun assembly required.

We're here to help you put together the perfect station for your operation. Our Station Selection Guide is your step-by-step assistant with all kinds of options and configurations at your service. Simply select what works best and you're on your way to smoother serving.

SQUEEZE WITH STYLE

Squeeze bottle holders come in drop-in or countertop stations so you can add the finishing touch wherever you need.

CHILLED OR AMBIENT STATIONS

Veggies, cheese crumbles, garnishes and more – we'll keep it fresh and delicious all day long.

GARNISH SERVERS

Sliced, chilled and ready to add colorful flavor to your food and beverages.

LTO, so easy.

Your customers want variety. You want simplicity.

Now you get both. Easily switch ingredients and offer today's trending flavors with exciting limited-time offers and customizable drinks and dishes.

Simply assemble your station below and LTO away.

Squeeze Bottle Holders

Drop-In | Cold

- Organize your cold table with a drop-in squeeze bottle holder
- Keeps bottles up to 10° F colder than holding in pans
- Stainless steel open-frame design allows air to circulate below and the top helps keep cold air from escaping
- FIFO™ and TableCraft® bottles are low-temp, dishwasher safe and BPA free; included with holders

Pouched Food Stations | Express

Flexible packaging is ideal for delivering high volumes of condiments in fast-paced, institutional and quick-serve environments. The bag fitment connects directly to the dispenser for an operator-friendly system that streamlines workflow so you can serve better, faster. Express dispensers and NEW stations serve 2-6 flavors in countertop and drop-in applications.

ADA
compliant

Less than 5 lbs of
pressure to dispense

OPERATOR FRIENDLY

Durable plastic pumps have fewer
parts for less fuss

Work exclusively with 1½- or ¾-
gallon pouches with a 16-mm fitment

HIGH YIELD

Up to 98% product evacuation means
more portions served and less waste

CUT COSTS

Serving from pouches rather than
portion packets yields big savings

PEACE OF MIND

Closed-loop systems protect from
cross-contamination risks

MORE RESPONSIBLE

Pouches produce 97% less
solid waste than rigid containers

Drop-In		FPV-DI 82520	deep fountain jar, 3 1/2 qt	1 1/4 oz
		FP-200V Slim 85310	slim shallow fountain jar, 1 1/2 qt	1 oz
	 	CP-F Slim 85340	slim deep fountain jar, 2 qt	1 1/4 oz
Countertop		FP-V Slim 85300		

Be sure to select the correct pump for your jar – pumps for shallow jars have a shorter cylinder than those for deep jars

CP models (b) have unformed tube ends, whereas FP models (c) have formed ends to hold back thin product drips

DI models have a 3-inch-taller spout for additional serving clearance

Dispensing large portions or using a slanted fountainette? See [p.18-19](#).

*Support bracket (100001) prevents tipping when used in SR-2, SR-3 or SR-4 bases.

Ladles

- Perfect for serving dry or difficult-to-pump ingredients
- Stainless steel construction with a 1-oz capacity

**HOW
TO
BUY**

Hot and fresh, day and night.

Maintain precise temperature without lifting a finger, even as product is depleted. Server Warmers reduce waste, maintain quality and save money – all while heating and serving fresh, delicious food all day long.

2
YEAR
WARRANTY

All Server warmers are backed by a two-year warranty.

FLAVOR SAVOR

Thermostats maintain temperature to ensure best flavor, first serving to last.

SAFETY SIMPLE

NSF listed rethermalizers ensure food is quickly & safely heated to 165°F.

RESPONSIBLY SERVED

Pouches serve up to 98% product evacuation from 97% less packaging.

locations in 34 states

Soup Warmers

Single Inset

- Stainless steel water-bath warmers with 5-, 7- or 11-quart inset
- NSF listed rethermalizers – quickly heat soups, proteins and other foods to safe serving temperature
- Eliminate wasted servings with precise temperature control and accurate, even heat
- Hinged lid returns condensation to the food to retain flavor and quality; side handles on larger lids open ergonomically – no reaching over steam

model/item	description	capacity	dimensions (HxWxD)	plug	voltage	watts	weight
a FS-4 Plus 81000	warmer with single inset & hinged lid (81111)	5 qt	14 7/8" x 7 3/4" x 8 1/2"	5-15P	120 AC	500	9 lb
b FS-7 84000	warmer with single inset & hinged lid (84040)	7 qt	14 3/16" x 9 9/16" x 11"	5-15P	120 AC	1000	13 lb
c FS-11 84100	warmer with single inset & hinged lid (84149)	11 qt	14 1/4" x 11 9/16" x 13"	5-15P	120 AC	1500	15 lb

Delicious precision.

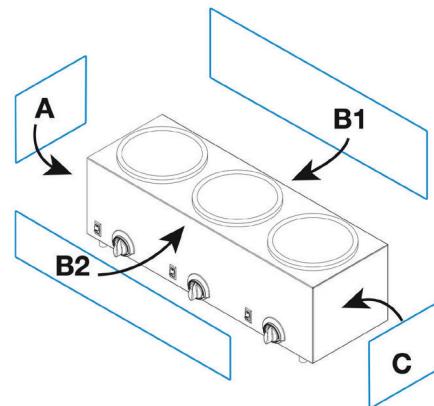

Keep your soup at the perfect temperature all day long with precise, temperature-sensing thermostats and moisture-capturing hinged lids.

Twin & Triple Inset

- Stainless steel water-bath warmers with 5-quart insets and hinged lids
- NSF listed rethermalizers – quickly heat to safe serving temperature
- From creamy potato to chicken tortilla, individual thermostat controls keep each food at its proper temperature to eliminate wasted servings
- Maintain quality and keep counters clean; hinged lid returns condensation to the food

Sweet savings
with Portion Optimization.™

Reducing your serving size by as little as $\frac{1}{8}$ oz can create significant savings without sacrificing flavor.

If you change portions from 1 oz to $\frac{7}{8}$ oz.

That's like getting every eighth can for free!

Topping Warmers

Protect Your Product

Each water-bath topping warmer includes a plastic spacer. This spacer is critical to ensure the proper operation of your warmer when serving from a #10 can or 3-quart stainless steel jar (94009).

The spacer keeps the can/jar properly positioned, providing multiple benefits:

- Allows the water-bath warmer to evenly heat all sides of the food can/jar, rather than direct contact to the bottom only
- Prevents water overflow into the product, safeguarding quality and integrity
- Ensures more product is dispensed and served to customers; without a spacer, excess product is left in the can and remains unused

Single Merchandisers

- Ideal for theaters, stadiums, fairs and snack food operators – heated spout ensures safety when dispensing potentially hazardous foods
- Warm and serve caramel, hot fudge and cheese sauce from a #10 can, 3-quart jar accessory or 48-ounce pouch with fitment
- Butter model pump is designed to prevent splashing and serves from a 3-quart stainless steel jar (included)
- Eliminate waste with precise temperature control and accurate, even heat
- Pump provides consistent servings while managing food costs; 1 oz per stroke; adjusts in $\frac{1}{8}$ -oz increments
- Reduce waste and speed cleanup – serve from a 48-ounce pouch with the new pouched dispensing model

Contact your food distributor for 48-oz topping pouches with a 16-mm center fitment featured on [p.50](#).

Topping Warmers

EZ-Topper® Pouched Product Merchandisers

- A sealed, contaminant-free system is created when the pump pierces a pouch with fitment
- Evacuation is excellent; more servings to your patrons means more profit
- Cleanliness – pump exterior and food vessel remain clean because topping is contained in the pouch
- No water-level monitoring or risk of vapor damage to topping
- Pouches occupy less storage space and produce less waste than rigid packaging, helping the environment and reducing operator costs

SEE IT IN ACTION AT
EZ-TOPPER.COM

Back

EZ-Topper® units use specialized pouched toppings. Contact your food distributor for 48-oz topping pouches with a 16-mm center fitment; currently packaged by:

- Ghirardelli Chocolate Company
- The Hershey Company
- Lyons Magnus
- Masterson Company

48-oz Pouch
16-mm center fitment

Radiant heat from the vessel warms the heater block to keep toppings warm during slow periods.

Up to 98% product evacuation & 97% less packaging waste with pouches.

Pouch and fitment create sealed, sanitary system without the mess.

Dispense from one pouch while pre-heating a second in reserve (shown without reserve pouch); low-profile models eliminate space for pre-heating.

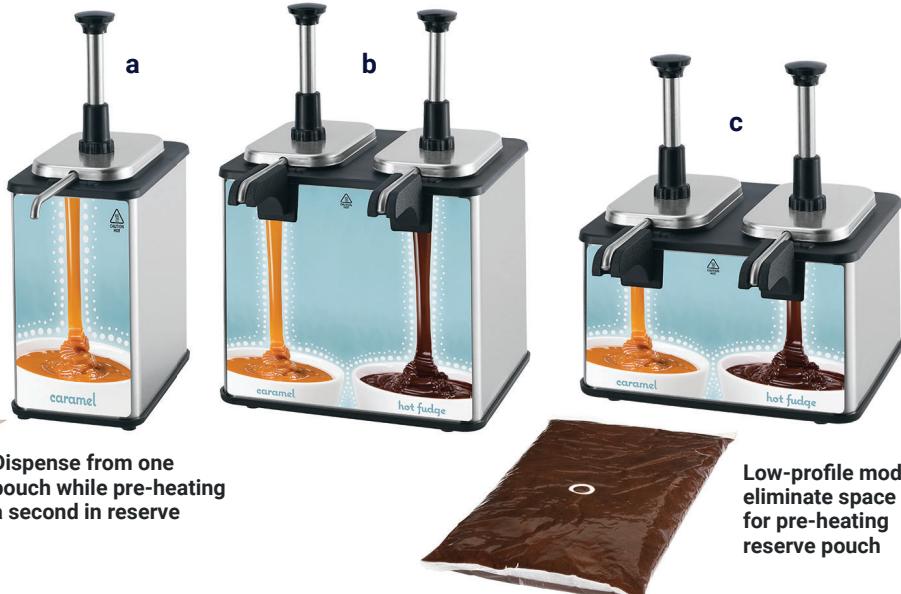

Front cutaway

SERVER
ESSENTIALS

Single & Twin Merchandisers

- To keep topping at its peak flavor and texture, pouched product is heated with temperature-sensing thermostats, without the need for a water bath
- Manage serving sizes of expensive ingredients with the portion-controlled, stainless steel pump; 1-oz max portion; adjusts in $\frac{1}{8}$ -oz increments

CUSTOMER
TESTIMONIALS

Making the world a better place, one drop at a time.

Access to pure, clean water is a privilege we don't take for granted. That's why we designed the ConserveWell® Utensil Holder to reduce water waste — the responsible replacement for continuous-flow dipper wells.

2 YEAR WARRANTY

All ConserveWell® units are backed by a two-year warranty.

- Utensils are safely held above 140°F to protect against bacteria growth
- Programmable countdown timer helps ensure timely water changeouts (also available without timer)
- Drop-in models fit existing counter cutouts of most continuous-flow dipper wells
- Not recommended for utensils with gel-filled handles; [see our application guide](#) for suggestions

Wall-Mount Dispensers

- Showcase your dry toppings and ingredients in a merchandising dispenser
- Designed to create a wall-mounted station of any number of ingredients; each dispenser needs just 5" of space
- Accurately dispense 1/4-oz to 2-oz portions from a 1- or 2-liter hopper; adjustable in 1/8-oz increments
- Not recommended for powders or sticky products, such as crushed candy bars

 **ADA compliant** | No wrist twisting or tight grasping to dispense

	model/item	description	capacity	servings	dimensions (HxWxD)	weight

SlimLine™ Wall-Mount Dispensers

- Showcase any number of dry toppings and ingredients; each dispenser needs just over 3" of space
- Serve up product consistency with precise portions from a 2-liter or 1.4-liter capacity hopper for locations with limited vertical space or operators looking to refresh ingredients more frequently
- Ideal for soft-serve or yogurt toppings such as granola, crisped rice and crushed cookies; not recommended for powders or crushed candy bars

 **ADA compliant** | No wrist twisting or tight grasping to dispense

Parts & Service

Server Products equipment is sold through a large network of dealers, with list prices in this book as a reference point. For competitive net pricing, contact your local dealer/distributor or visit server-products.com/How-to-Buy to locate a dealer.

2 YEAR WARRANTY

All Server products are backed by a two-year warranty.

- Covers defects in materials and workmanship
- Excludes replacement of wear parts like O-rings, seals and springs
- Call 800.558.8722 for a Return Material Authorization Number
- Repairs are performed at our manufacturing facility in Richfield, Wisconsin
- You cover return freight costs to Server Products for evaluation
- If under warranty, your repaired unit is returned at no charge to you via ground
- 48-hour turnaround (from receipt) is common
- Please note: we operate on a five-day workweek
- A complete warranty statement is available at server-products.com/Parts-Service

Returns for Credit

- Need to occur within 90 days of purchase
- Must be in new and unused condition and include all original packaging and accessories
- Custom or non-catalog products are non-returnable and non-cancellable
- For safety reasons, electrical components (heating elements, thermostats, etc.) are not returnable
- A standard restocking fee of 20% applies
- Call 800.558.8722 for a Return Material Authorization Number

Return Shipping Information

- Packaging is important – Server is not responsible for equipment damaged in shipping
- Items should not be returned without a Return Material Authorization Number (RMA #)
- To ensure timely processing, please put your RMA # on the box and ship to:
C/O Repair Department RMA #_____ | Server Products, Inc. | 3601 Pleasant Hill Road | Richfield, WI 53076

Equipment & Parts Purchasing

- Please choose carefully; for safety reasons, electrical components are not returnable
- Purchase through your dealer
- Prices are FOB Richfield, WI 53076 – shipping charges not included

When Looking for Foodservice Equipment Parts, Look to Parts Town.
